

NTRCA MEMBER POSTCARD
ORDERS: complete this form
and fax to printer at (888)
279.4482 or scan and email to
metrografix@mac.com.

FRONTS WILL ALL BE THE SAME - shown at right.
YOU HAVE A CHOICE REGARDING THE BACKS.
Choose **OPTION 1** or **2**, then choose your quanti-
ties, and fill in all the required blanks. We'll invoice
you and you can pre-pay with either a check or a
credit / debit card. **PLEASE WRITE NEATLY!**

OPTION ONE - BLANK AREA:

BLANKS: These will be ordered and sent to
NTRCA members as you see at right (no
custom printing). Members can place their own
Avery label in the blank area. OR - they can be run
through a laser printer - backs are UNCOATED (test
with your printer, as not all printers work the same way).
Shipped approx 8 days after payment is received. No proofs.

1. CHOOSE QUANTITY: (check one)

- 500 = \$99.
- 1000 = \$108. (price includes printing and shipping, tax will be added- required by state.)
- 2500 = \$179.

WHO'S ON YOUR ROOF?

NTRCA NORTH TEXAS ROOFING CONTRACTORS ASSOCIATION

Before you let someone on your roof...
Get smart. Protect yourself.
➤ Go to NTRCA.com

DID YOU KNOW?
Texas requires **NO**
licensing, insurance
or registration
for roofers!!
PROTECT YOURSELF >

PROTECT YOURSELF! here's how

Questions NTRCA Recommends Asking About Any Roofing Contractor:

- Is the roofing contractor in good standing with the Better Business Bureau?
- Are they a member of a roofing association that holds its members to high standards?
- How many years of experience do they have as a roofing contractor in North Texas?
- Are they insured? Ask for a certificate of insurance.
- Where is the roofing company located?
- What is their warranty on labor? What is the manufacturer's warranty?
- Do they have credit references? Customer references?
- Which roofing manufacturers are they certified to install?
- Is the contractor going to obtain the appropriate municipal permits?
- Are they asking for money upfront? If so, is it just for materials after delivered to your project location?
- Is the bid significantly lower than others? Why? Be careful to not pay more later by hiring a contractor that is uninsured, performs substandard work, is potentially using stolen materials and / or leaves North Texas shortly after the storms do.
